

CorServ Overview

CorServ was founded by a visionary group of entrepreneurial bankers and technologists with a shared passion for **revolutionizing the credit card industry**. Backed by a leadership team with 150 years of collective experience, including senior roles at banks and processors, we bring **unparalleled expertise to our clients**. At CorServ, we take pride in being a trusted strategic partner, empowering our clients to **go beyond traditional boundaries** and helping them **build innovative card issuing programs**.

What We Do

- Provide **innovative payment card issuing, processing and program management** solutions for banks and fintechs
- Empower banks and fintechs to offer **credit, debit, prepaid, virtual, and purchasing cards** to their customers
- Enable banks to earn a **significantly higher return on asset** than the typical Agent Bank model
- Allow bank and fintech participation in credit decisions and provide access to cardholder data **without adding staff or infrastructure**
